HUSK Oversized Rugged Waterproof Case for AV Kits, Drone Systems & Tactical Payloads

Trusted by drone operators, tactical logisticians, AV engineers, and emergency response teams transporting: Full drone fleets with ground stations, payloads, and backup units, Audio-visual broadcasting racks, mixers, and signal processors, Tactical electronics and modular comms systems, Medical response modules, testing labs, and sensors, Heavy-duty field service and installation kits.

The HUSK H-7244-27 is your go-to case for the largest missions — engineered to handle serious gear in seriously harsh conditions. When the load is big, the risk is high, and the journey is long, this case delivers total protection with zero compromise.

Key Features HUSK 7244-27

Exterior Size (LxWxH)

31.6 in x 20.5 in x 12.2 in
802 mm x 520 mm x 310 mm

Interior Size (LxWxH)

28.4 in x 17.4 in x 10.5 in
722 mm x 441 mm x 266 mm

Weight (empty)

10,2

Temperature range

Min -40°C (-40°F) | Max 80°C (176°F)

Max buoyancy

78,0

Material

Lightweight NK-7 resin

Warranty

5-year warranty

IP67-certified & MIL-STD-810H tested

Dustproof and waterproof up to 1 meter deep. Tested to MIL-STD-810H methods for reliable protection against shock, vibration, and harsh environments.

NK-7 high-impact polypropylene shell

Ultra-tough NK-7 shell absorbs shock and impact under the harshest conditions.

Dual-action nylon latches

Heavy-duty nylon latches with a double-action mechanism. Secure, strong, and glove-friendly.

Pressure equalization valve

Automatic valve balances internal pressure and prevents vacuum lock during altitude or temperature changes.

Ergonomic carry handle

Non-slip, ergonomic handle for comfortable transport, even when fully loaded.

Contrasting lock handles

High-visibility lock points for quick identification and enhanced security.
